

Bonus: My Underground Brewery

Each beer has five underlined phrases, and there are five parts to each beer. Each beer description includes:

- A word or phrase that includes the letters GRAIN
- A word or phrase that includes the letters HHO (i.e. H2O, or water)
- A word or phrase that rhymes with “yeast”
- A creature or thing that hops
- An anagram of a name of a fruit

For each beer, the five initial letters each ingredient form 5/6 of a six-letter word. The definition for each of those six-letter words is a beer’s name at the bottom of the page. Combine the missing sixth letters (the “secret ingredients”) of each beer to form the final six-letter answer: WINERY.
