

For this challenge you seek two sets of two current state flags. The flags in each set will have one thing in common. Use the process of elimination to find the place you seek.

Rules:

1. Set 1 contains no birds, moose, cows or deer.
2. Neither flags in either set contain the name of the state they represent.
3. Neither set contains a flag with either a yellow or white background.
4. Both flags in Set 2 belong to states or territories either in, or claimed by the Confederacy during the civil war.
5. Neither flag in Set 1 contains the color red, in any amount.
6. Neither flag in Set 1 belongs to a state considered to be part of New England.
7. Neither flag in Set 2 belongs to a state that borders the Gulf of Mexico.
8. Neither flag in Set 2 belongs to a state that begins with the letter A, G, N or T.
