

# JON SNOW'S FAMILY TREE

Jon, I never knew how quite to tell you this, but I'm your real father. I left this list for you in hopes that you'd one day find it. I know some of the words may seem like they're not from our world, but trust me when I tell you they will guide you truly. Just find out what each pair has in common and you'll find my true name.

With love, Dad

Fourth on a scientific list

Author's legal protection

Place to walk in a circus

Lord of the Rings and The Dark Knight series, for example

A uniquely shaped chocolate bar

Arizona's region

Listen in

Footwear for very deep snow

Ringo's tool

It should be balanced

Initiating side in a courtroom

Way for a child to reach a shelf

A way to communicate where 3 o'clock means "J"

An aggregate fruit, typically red or black

A driver, of sorts, in Venice

Push around roughly

The middle is worth fifty

Not capital
