

## Trivia in the Park Solution

The clues all map to Portland Bridges:

1. Neighborhood containing Bagdad Theater = **Hawthorne**
2. Bridge that carries I-405 over the Willamette = **Fremont**
5. Inspiration for Mr. Burns = **Burnside**
8. Sand, gravel, and concrete company with ubiquitous black and gold cement trucks = **Ross Island**
9. Brings plays to the Keller Auditorium from "Across America" = **Broadway**
11. Source of Schnitzer family fortune = **Steel**
16. Northern border of Portland's "living room" = **Morrison**
20. OHSU's Hill = **Marquam**

To find the solution, order the bridges from north to south. Then, convert the numbers to letters (A = 1, B = 2, etc.):

Fremont - 2, B  
Broadway - 9, I  
Steel - 11, K  
Burnside - 5, E  
Morrison - 16, P  
Hawthorne - 1, A  
Marquam - 20, T  
Ross Island - 8, H

Thus, the solution is "BIKEPATH".
