## *Emergency Council Meeting*

Gentlemen, it has come to my attention that an emergency meeting of the council is needed. We must gather tonight to discuss the forces at play at this very moment. The existence of our very society is in danger. The work that we must accomplish has to remain hidden from those that we have sworn to protect. It is critical that we put an end to this endeavor, while denying those that attempt to break all that is important, before this powerful risk increases.
