

FANGS FOR NOTHING

He can transform himself to wolf... he can be as bat... He can come in mist which he create... He come on moonlight rays as elemental dust...

—Abraham Van Helsing

Curses! Despite your hard-won vampire killer skills, you've found the Count's last remaining box of earth a few moments too late. The sun has set and he has transformed into mist and vanished into the night. Use what you've learned to pursue him as he changes into his various forms and find out just why that charming ancient leech always manages to escape.

Remove the stuff in your ears to get a single letter.

WAXY - WAX = Y

Add two letters to get the question the single letter sounds like.

+WH = WHY

Replace the 1st letter with the last bit of mist to get "your" word.

+TH = THY

Then replace the fork with the last letter of the pointy object a vampire fears most...

-Y(Fork) + (Stak)E = THE

Siphon off the red liquid to get a dry run.

BLOOD TEST - BLOOD = TEST

Replace sulfur with the boss wolf's symbol to get the top of a baby bottle.

- S(chemical element for sulphur) + A(lpha wolf) = TEAT

Then replace both consonants with Caesar's way to write 500...

=> D (500 in roman numerals) = DEAD

Pulverize the last letter into moon dust to get small stones.

GRAVELY - Y = GRAVEL

Remove the 1st to get a French composer.

- G = RAVEL

Then put a crucifix in front of him...

+ t (a lower case 't' looks like a cross) = TRAVEL

Replace the 1st letter with the 1st letter of a vampire's eyeteeth for a good time.

SUN => F(ang)UN

Replace the centre with bat innards to get a devotee.

FUN => FAN (the inner letter of bat is 'A')

Then replace the nitrogen with a very virtuous person...

FA + N(itrogen's chemical symbol) => ST (abbreviation for saint) = FAST

THE DEAD TRAVEL FAST
