GHOSTS

★★★★☆☆

Built from machinery and the Traveler's Light, every Ghost searches for its Guardian among the ancient dead. "Are you my Guardian?" is its most urgent question, but not its only one.

1. Why are you asking for a morphine drip?
2. Are you Tennessee Tuxedo, or his best friend?
3. Why are you asking if I'm male or female?
4. Why have you been smiling ever since the storm started this evening?
5. Are you revealing that you're gay?
6. Bones, why is everyone giving the captain a wide berth?
7. Are you really the son of Elizabeth of York?
8. How have your new glasses helped you?
9. <oink> I'm falling! Farmer Hoggett, will you catch me?
10. Why are you aiming so carefully at that disembodied hand in a box?
11. Why do you keep searching?
12. Mr. Menken, what is it you do for Disney?
13. How do you prove you're sober when an officer stops you?
14. Why can't I make Courtney go faster?
15. Why can't I feel your pulse since your return from California?
16. Why are you looking in the dictionary under L?
