

Two-Eleven 2014

Legendary heavy metal band **Spinal Tap** wants to make a comeback! They're recording an entire album of cover songs for a guest appearance on the hit TV show *FLEE* (about prison escapees hiding out in a high school show choir).

Unfortunately, their manager just listened to the studio tracks and noticed that the band sings *the wrong lyrics* on every single one of their covers! He needs to identify the original artists and contact the RIAA so the band doesn't get into trouble. But they do have a fallback option...

David & Nigel: These lyrics are WRONG!

"Got my first real sex dream, I was five at the time"

"Scuse me, while I kiss this guy"

"Ah, ha, ha, ha, steak and a knife, steak and a knife"

"It doesn't make a difference if we're naked or not"

"Then I saw her face. Now I'm gonna leave her"

"You Catholic girls start much too late, but sooner or later it comes down to bait."

"We built this city on logs and coal"

"Might as well face it, you're a dick with a glove"

"The girl with colitis goes by"

"The ants are my friends, they're blowin' in the wind"

We need to fix this!
