

Learn To Spell

Welcome kids! Thanks again for tuning in to the best educational program on TV! This week, our mystery word is one that is easy to spell, but hard to draw, so it has been drawn as a question mark. The heart of each of today's words has been removed. Cut them out from the bottom and replace them correctly. Spell out only these hearts to know you've placed each into their correct word, and to learn the second helpful identity of the heart. What is today's mystery word?
