

Printing instructions:

- Print 1a on the back of 1b, and 2a on the back of 2b.
- Choose “shrink to fit” and make sure that all pages (including the magnifying glasses page) are shrunk by the same percentage.
- Page orientations:
 - 1a – “Dead Drunk” is at the top of the page
 - 1b – The page number “1” in the circle is at the top left of the page
 - 2a – The page number “2” in the circle is at the top right of the page
 - 2b – The page number “3” in the circle is at the top left of the page
- Fold into a booklet, with "Dead Drunk" as the cover and the dartboard on the inside spread.
- If you have a duplex printer, you can just print the “pages all in one file” pdf and it should print them on the correct sides automatically. **Remember to choose “shrink to fit” and shrink the magnifying glasses sheet by the same amount.**
- Another good option is to have the pages printed at a Fed Ex, UPS store, or similar printing shop. They will print, fold and staple them for about \$.30 per booklet (Fed Ex) or \$.20 per booklet (UPS). (Prices checked in Portland, may be different where you are). **Give them the “pages all in one file” version.**
- Using a laser printer is preferable to an ink jet, if possible, because there will be less bleed-through.
