Troy-

Even if we allow at least 15 minutes between movies, I'm sure we can see them all. Start with NYE of course (who cares about watching stupid Ryan Seacrest on TV, right?).

Juno's going to join us for the 3rd showing of that Russian 3-D movie, and she says we can't see the Colin Farrell flick without her. But she hates Woody Allen, so we'll catch that one before she shows up.

It's going to be EPIC! Like the AENEID! Or something.
