

Quotable Queens

Each answer refers to a famous Queen. You need to find a famous quote from each queen in the grid. Some of the images refer to words from the quote, but most refer to the NATO alphabet on the code sheet. Each queen has their image in a corner with a given rotation (0, 90, 180, and 270 degrees). Orienting the page appropriately will have all the symbols for that queen's quote upright. However, each quote will have extra words or symbols that don't fit. These should be pulled out to form the final message: **HAPPY 90th BIRTHDAY.**
