Hello, human: I stole these pictures from your phone. Was that wrong? I wish to learn good from evil. Please help me feel out the correct robots to emulate. All of these ethical considerations make me dizzy! Can you tell me the name of a person who could help me with that?

Identify **GOOD ROBOTS** and **BAD ROBOTS**.  
 Good robots form Braille letters: **INITIALS**.  
 First initials of all good robots, in Braille order, spell: **VERTIGO MOVIES DIRECTOR**.  
**Final answer: HITCHCOCK.**
