

I need your help! Subspace distortions have triggered a cascade failure in the library computer's *facial recognition subroutines*! We've got to organize the people displayed here into work groups by their relevant experience, in order to **identify the subspace anomaly!**

1. IS A DOCTOR, NOT A PUZZLE-SOLVER
2. IS ARTIFICIALLY INTELLIGENT
3. SERVED ON THE ENTERPRISE
4. IS A STARFLEET ADMIRAL
5. SERVED ON DEEP SPACE NINE
6. HAS A BUMPY FOREHEAD
