

Early American Chrononauts

These time travelers need your help! They are stranded in our world. Alter the timeline to create one history that sends at least five(5) people home.

Each time traveler comes from a timeline where one blue-colored event happened the same as it did in our world, and two red-colored events happened differently.

Dr. O'Reilly 1773 Boston Tea Party 1846' DC Stays Square 1881' Garfield Lives	Jeremiah 1845' Texas Uprising Provokes War 1881 Garfield Dies 1916' "America the Beautiful"...	Kevin 1866 Reconstruction Begins 1890' Indian Nation Established 1898' 2nd War Between the States Begins	Maria 1783' British Surrender at New Amsterdam 1848' California Gold War 1904 Work Begins on Panama Canal
Minkoff 1838 Trail of Tears 1848' California Gold War 1904' USA Re-United	Norman 1846' DC Stays Square 1848 California Gold Rush 1898' 2nd War Between the States Begins	Rose 1845 Texas Gains Statehood 1876' Indian Peace Treaty of 1876 1916' "America the Beautiful"...	Sharon 1776' An Appeal To World Opinion 1791' Articles As Amended Are Adopted 1886 Statue of Liberty Opens

How to alter the timeline:

1. Match up the two pages to create a single timeline with 32 events listed in chronological order.
2. Use one Red **Linchpin** card to replace a matching Purple **Linchpin** event in our timeline.
3. Note the dates affected by the changed Linchpin, and put **Paradox** cards on those **Ripplepoints**.
4. Use Orange **Patch** cards to replace **Paradoxes** as necessary to help the time travelers go home. (Not all **Paradoxes** need to be **Patched**!)
5. Repeat steps 2-4 until at least five(5) time travelers are in their home timeline.

IMPORTANT: orange Patch cards **ONLY** go on spaces with a Paradox card! Paradoxes are created by altering a Linchpin event, which affects later events in the timeline.

What is Chrononauts? It's a series of portable, time travel games from Looney Labs. We've watered down the Early American version to make this puzzle. Try the game! It's great fun.
