Each clue leads to a phrase starting with RED or BLACK, depending on the colour of that number on the roulette wheel. The number of letters in each answer is given on the inner ring of the wheel. Take the letter of the answer as indicated by the number of chips placed on it (i.e. 4 chips on number 1 = 4th letter), and place in order around the roulette wheel. This spells CHARACTER PLAYED BY JENNIFER ANISTON which, when you gather your friends, is RACHEL Green, which fits in the green 0 slot of the wheel. Thus the answer is RACHEL.
