

# walk on the grass

Whose side are you on?

That would be telling.  
We want information...  
Information...Information.....

For official purposes, everything boils down to a number

I am not a number  
I am a person

Six of one, half a dozen of another

Tell us what we want to know and this can be a very nice place

A baker's dozen is a number of donuts worth having #\_\_→

All of the fatal Christian moral transgressions #\_\_→

The submerged trip of many thousands of leagues #\_\_→

The total of heavy boots that pass the fairest princess on their way to work #\_\_→

The headcount when a company meets a crowd #\_\_→

The pips on a die less the faces in a pack #\_\_→

Group count of famous sightless rodents #\_\_→

Add up the happiest cloud and the highest heaven #\_\_→

The shortest of twelve when at its height one winter out of four #\_\_→

What one timely suture can prevent #\_\_→

Maximum number of feline resurrections possible #\_\_→

One fortnight, weekends excepted #\_\_→

Group total after ousting the Roman Hades #\_\_→

A common negative altitude of the demised #\_\_→

All the many leaves of a dozen clover if one is lucky #\_\_→

It is similar to pie, squared, rounded up #\_\_→

Infinity turned two hundred and seventy degrees #\_\_→

nothing outside of this box is part of the puzzle
